Elections of a new pastoral council of ICC

Dear members of ICC,

We would like to inform you about the results of a meeting with Bishop Scharl on November 15th concerning the forthcoming elections of a new pastoral council of ICC. We welcome and encourage the efforts undertaken by ICC for democratic and representative elections which consider the specific structure of ICC as an assembly of different regional traditions and rites. In cooperation with ICC-chaplaincy, ARGE AAG and Bishop Scharl as vicar for the pastoral care for migrants some basic rules for the electoral process were defined which are now to be elaborated and approved by the Archdiocese. Considering the limits for the announcement of elections and the presentation of candidates as well as the liturgical times of Advent, Lent and Easter these elections should be held in the first part of April 2008. The function of the present committee will be prolonged by order of Bishop Scharl until that time.

On behalf of ARGE AAG:
